Dear Sir/Madam

I am writing to inform you that I intend to use my car to transport people to hospitals and clinics for medically related appointments and for social and domestic trips. This scheme is organised by West Wight Timebank, a community project that operates under the umbrella organisation Action 4 Support CIC.

I understand that the British Insurance Association and Lloyd Motor Underwriters Association have both given an undertaking that the receipt of contributions as part of a car sharing agreement shall not be regarded as constituting the carriage of passengers for hire or reward, as long as the contributions do not involve an element of profit, but merely reimbursement towards the reasonable costs of running the car.

This is the basis on which I will be participating for West Wight Timebank. I would be grateful, therefore, if I could have your confirmation that this will not in any way affect the conditions of my car insurance policy or the premium which I have to pay.

Yours faithfully
